Supplement Notes

On October 16, 2012, Detective Maria Check and I viewed several VCR tapes from the cold case file room that were not labeled by name or case number. I recognized one video as being associated with TPD case #9001310233. It was not labeled in any way and the video did not include a date or time stamp. The video lasts just over ten minutes and is filmed from a vehicle through the chain link fence across 6th Street to the south. The subject of the video is the people outside of the mosque at 739 E. 6th Street. The video concentrates on the people in the parking lot area to the east of the mosque and the porch area at the south entrance of the mosque. The filming appears to be consistent with the still photographs taken by TPD personnel after the murder, possibly at a memorial service at the mosque, which were included in the case file.

On October 17th, I notified Deputy Pima County Attorney Casey McGinley of the video and made arrangements to copy the VCR tape for the purpose of disclosure.

On October 18th, I made a DVD copy of the VCR tape. The DVD will be delivered to the Pima County Attorney's Office on this date, and the original VCR tape will be placed into TPD Evidence.
