

# RAJNEESH ! ENEMY OF GOD & AMERICA

According to a very interesting article which appeared in the Los Angeles Times on the July 4th anniversary of this nation's independence, a town which began as a "small farm" of 64,000 acres in central Oregon State, now boasts of its own police force and the fourth largest transportation system in the state. American ingenuity? American achievement of success? Some of you may be amazed to discover that this newly incorporated city of "Rajneeshpuram", located 120 miles southeast of Portland, is a small part of the ever-expanding efforts of a Hindu-born guru known as "Bhagwan Shree Rajneesh", who, only two short years ago, purchased prime agricultural land with the alledged intention of growing "a few acres of sunflowers".

The Bhagwan Shree Rajneesh (meaning "Sir God Rajneesh"), espouses a sort of transcendental freedom, which has shocked and outraged his Oregon neighbors. As reported in the L.A. Times, the Rajneesh brand of meditation and spiritual teachings which employ wild dances, transcendental therapy, nudity, homosexuality, drug abuse, and perversions, have caused the long-time residents near Rajneeshpuram, who are mostly ranchers and retirees who have left the larger cities, to become suspicious of the guru's reputation of advocating free sex and other acts of immorality, and they fear the "Rajneeshis" (his followers) will take over their towns as well.

These apprehensions do no go unfounded. The former mayor of the tiny hamlet nearest to Rajneeshpuram, Margaret Hill, states, "They have destroyed Antelope, of course." The sannyasin, as the Bhagwan's disciples are called, assumed political control of the area by winning the Antelope mayoral race, and five of the six city council seats, in addition to three other key political posts, in November of last year. Many of the old time residents of Antelope are also incensed

that the dominating Rajneeshi City Council has recently passed an ordinance to set aside an area within the hamlet's undeveloped park where total nudity is allowed, making Antelope the first Oregon city to adopt such a measure.

Micheal Sullivan, District Attorney of Sullivan County, wherein lies some of the accumulated Rajneesh property, believes tension is mounting between Rajneeshis and other Oregon residents, and he has predicted that one of the greatest cultural conflicts of this decade will be concerning Rajneeshpuram. Ma Anand Sheela, the 33 year old administrator of the Bhagwan, reported that tension between residents of Rajneeshpuram and surrounding communities was bound to occur, due to the "rigidity of the outsiders". As she was quoted in the Times report, Ma Anand stated, "We are saying in a very firm way, we are not going to let you persecute us; that's why roses have thorns. Outside opinion, pressures, and bigotry do not concern us."

A fellow named Stephen Pastor, a liberal Jew who once was a disciple of Rajneesh and under his hypnotic control, chose to become an "outsider". Mr. Pastor tried to expose the devilish scheme of Rajneesh, and began a secret campaign of organizing a Christian, Jewish and Moslem Front to turn out the powerful guru. The pre-dawn bombing of the Rajneesh owned hotel in downtown Portland last month has been attributed by the police to Mr. Pastor, and it is believed to be a mere warning to Rajneesh and his adherents.

The following are details of the development of the Rajneesh cult, which has grown to an international level and is now concentrated in Oregon. These details also will clarify why any honest, God-fearing and law abiding citizen of this country might consider taking action against Bhagwan

Shree Rajneesh. This information was compiled by a group of ex-disciples of Rajneesh, who banded together to conduct research about his activities. This group has produced documented evidence that Rajneesh is the most deadly bomb ever invented. Working with us, THE FRIENDS OF AMERICA, these "outsiders" have hopes of exposing the poisonous guru for what he truly is, an enemy of all Americans.

Firsthand experiences of these ex-disciples reveal that the core of the Rajneesh philosophy is to yield to all desires without any inhibition whatsoever. Rajneesh teaches that one should not have any real goal other than to become one with whatever one FEELS. For instance, if you like to commit acts of perversion, or observe nudity in public, or if you are a homosexual, one is encouraged by Rajneesh to surrender to all such desires unconditionally, without opposition or guilt. Paradoxically, this same methodology is not employed in the establishment of their city, Rajneeshpuram, which now has its own police force, army, elected officials, transportation system, and a battery of lawyers. Rajneeshpuram now incorporates all of the institutions of the condemned society which it claims is "goal oriented" and possessed by "outsiders".

In a report which appeared in OPINION MAGAZINE in the September of 1970, an article entitled, "Satanism: A racial Guide to Witch Hunting", focused on the rise of satanism and ritual practice associated with it, among the youth of the nation. The article also shows the co-relationships between satanism, communism, the rise of homosexuality and other sexual aberrations. It quotes a statement from the 1953 Report of the California State Committee on Education, which states:

"So-called modern Communism is apparently the same hypocritical and deadly world conspiracy to destroy civilization that was founded by the secret order of the illu-

minati"...(pg. 169-170 American Opinion Magazine, Sept. 1970).

In another quote from the same Magazine:

"(Adam) Weishaupt's program and methodology were a prototype of the Communist Conspiracy operating in the world today. In the realm of ideology, **the** line from the illuminati is straight and unbroken." As Akron Daroul notes in his History of Secret Societies: "(The illuminati) contributed in small measure to the development of revolutionary doctrines which eventually culminated in the Russian and other communist machines..."

It is little wonder then, that Marx began his Manifesto with the words: "A spectre is haunting Europe--the spectre of Communism"... Both he (Marx) and Engels knew very well that the Communist Movement--steeped in the satanist occult of the Eighteenth Century illuminism had been operative for years..." (American Opinion, Sept. '70 pg. 16-17). Coming up to the present day, we find that Russia, officially Communist (as well as atheistic) has been experimenting for some time with various mind-control techniques. They have found some success with the methodologies utilized by various Indian gurus, priests, rishis, etc.,...methodologies which have been practiced in India and the Orient for some 3,000 years. We are talking about methods other than just hypnotic, drug-induced, or merely psychological.

We have observed the rise of these guru-satanists and other communist backed paganistic movements over the past ten-plus years. They (these groups) have made tremendous progress on eniversity campuses and with school children generally. Politicians appear to be unconcerned with the fact that approximately 80% of American youth has turned

paganistic, guru worshipping, or communist.

Perhaps they are afraid to lose votes, since these movements are projected as "religions" or self-awareness societies.

We notice that the lack of any kind of moral fiber has made the so-called "professional" a prime participant. Case in point, read the Los Angeles Times article of July 4, 1983 concerning the educational background of the majority of the inhabitants of Rajneeshpuram. As a matter of fact, lack of any kind of moral fiber is necessary to advance in these societies.

Coming back to Rajneeshpuram, we find that their "philosophy" or "methodology" of achieving personal freedom advocates the expression and/or commission of any without value judgements. Homosexuality, lesbianism, giving in to feelings of rage, anger, fear, etc.,... giving up one's own will power to that of Rajneesh.

The thing about these gurus, and other satanists is that they use aid of evil spirits and Satan (or Kali as the gurus refer to it---they also say that Kali is a "Goddess"); non-physical intelligent beings which can and are willing to possess human beings when certain conditions are present. The gurus achieve this through Tantric Rites, drugs, blood sacrifices, mantras (magical chants at time of orgasm---acts which allow the people to be possessed by these living intelligent satanic beings. At this point, they are no longer just human---they are now satanic mediums. As a result they do see many paranormal things around---and this is what appeals to the un-

educated mind. Things such as ES , demonstrations, PK, levitation, and other satanic occurrences such as these are considered very common practices in India, Tibet and parts of the Far East.

Take for example the case of one Uri Geller who:

"...Whilst giving a demonstration on television could bend spoons, transfer his psychic influence on minors in homes of all those who watched his program; or if he can cause aberration in electronic gadgets causing materialization and de-materialization of certain objects under the influence and power of certain extra-terrestrial beings...so can these people..." "...the voices of these beings were recorded by Dr. Andrija Puharik (of the Institute of Parapsychology and Medicine, California), who was able to make a movie of a flying saucer which Uri (Geller) entered..."

As a result, millions of people are psychic slaves of these gurus(Indian satanists)---consider they now have their own "state" within the boundaries of Oregon---Rajneeshpuram. This Rajneeshpuram is only the beginning---you can rest assured that more (of these city/states) will follow.

Due to the growing decline decline of religious practice in the United States, the situation is ripe for such satanic/communistic opportunists. For example, how much are the Ten Commandments practiced here---yet the United States is supposedly a Christian country. When there are no moral standards being upheld, when immorality, licentiousness, debauchery and most importantly when atheism and paganism abounds--- then the ideal situation exists for the flourishing of Communism through satanism.

Again, I bring to your attention that such an openly satanic town (city/state) exists within the boundaries of the United States. In the event of a Communist attack, whose order do you think the inhabitants of Rajneeshpuram will follow,...that of the United States government or that of their Guru "Bhagwan" Rajneesh? As we already know, many (most) of these gurus are in Communist employ (KGB, etc.), some (such as "Bhagwan" Rajneesh) are in fact double agents.

What more effective way for the Communists (satanists/gurus) to make an inroad into the United States than that of subverting its youth! Also, what more damning assessment of America's security than the fact that these communists/satanists have been successful (RAJNEESHPURAM.) One can only conclude that politically and security wise there is no one in control...there is too much abuse of freedom in this country. The obvious deduction is that there is a psychological, moral and spiritual vacuum that should (could) have been filled by the Christians upholding the Ten Commandments, the followers of Moses and the Muslims. If they do not act now to curb the Communist backed guruism, then the Christian, Jews and Muslims will soon (3-5 yrs.) find themselves enslaved by these communist/satanist imperialistic forces.

This has of course happened during the Russian revolution in the USSR. Now, the difference is that then, they utilized only physical means of enslavement, and yet it left some redeeming features for the persecuted religious groups in Russia (Christians, Jews and Muslims); because even though they suffered physical subjugation, their minds/spirits by and large, remained free. But now, with these Communists using guru/satanist such as "Bhagwan" Rajneesh

to destroy the free world they have come up with a weapon far superior to the A-bomb, the H-bomb or the Neutron bomb--- the Human Psychic Bomb---the Guru. Indeed, these individuals are terrorists in the worst possible form.

Through the means of this satanic/psychic warfare, the Russians are destroying the minds/ souls of the American Youth---youth who appear physically whole. Meanwhile the callous politicians and journalists stand back and watch--- they do not even know how far the damage has spread, and those who know don't stop it, nor do they know any remedy for it.

There is a great deal to be said for this country, which is a country of freedom loving people. We must unite in the name of God, for the United States. We must wage a Holy War against these forces of satanism and paganism let loose by the Communists.

Observing that the United States government and its FBI and CIA have failed in their duty to protect and uphold the territorial rights of the United States of America, we, THE FRIENDS OF AMERICA, who are located in Portland and elsewhere in the USA, are determined to expel Rajneesh from our homeland. WE ARE NOT TERRORISTS! To the contrary, we are working against terrorist, who, instead of employing the use of guns and tactical weapons, have incorporated Satanic warfare in the form of drugs, inhumane perversions, and mind control, to annihilate America and her people.

Had we been terrorist, we easily could have killed all the satanists at Rajneeshpuram. We are 90 percent white Americans who have taken a sworn oath to drive out

1

this KGB agent at all costs. We know that KGB has sent hundreds of Communist agents to the international festival held at Rajneeshpuram in July, and we warn all our American brethren to stay away from all the Rajneesh centers. Russia not only funnels astronomical amounts of money to Rajneesh, but lends him support in the form of drugs, and KGB tested mind manipulation and paralyzing techniques which the two have traded in the past.

We urgently appeal to all the American people and all patriots that we should stand beside our country and even alone, and be prepared to defend the integrity of our country the United States of America. This country was created in the name of God, indivisible, on the principle of GOVERNMENT FOR THE PEOPLE, BY THE PEOPLE. It was never created in the name of Satan or Rajneesh!

THE FRIENDS OF AMERICA pledge to lend every possible support, be it moral, financial, or legal to our members or anyone who may be imprisoned or injured through the course of discharging his or her duty to defend this country. We will not tolerate a communist controlled state to exist right under our very noses in our own land! We make an appeal to all citizens of Oregon and, indeed, to all residents of this country to defend the rights of Americans. We also demand that the authorities of the United States fulfill their pledge to the American people who have elected them, and expell this dog Rajneesh from our country. How many other youngsters must be destroyed permanently, as a result of the programming of Bhagwan Shree Rajneesh? We find it disgusting that so many bodies have failed to defend the culture of this country and its morality from this Hindu's

satanic hold. Rajneesh spreads a psychic contagion which is now out of control, like a wildfire. He is a live bomb which Moscow has placed right in the heart of the United States. Therefore, we shall take care of him, and in the process will call to account all those agencies and individuals who chose to aid or protect Rajneesh and his followers.

All patriotic Americans are requested to make Xerox of this brochure, as many as they can, and distribute these to young Americans and social and religious groups and churches.
