(4)

10. You should not use a phone that you have used before. All numbers should be destroyed immediately after use, and you should never use that phone again, for anything, now or later.
11. You should use push button phones without operator assistance, if possible.
12. You should leave area ~~right~~ immediately after your calls are finished.

B. No more than ten calls per call

You should explain how they should locate NO's:

They should make themselves available to be contacted.

They should inform you as soon as you they make their testing.

Secrecy is a must

Anyone not obeying or executing these orders properly, and in time will be guilty of treason.

They should locate the phone before hand
